It is hard to believe that Christmas is so near with the weather so mild and the sun shining through the window, but the panic is beginning to creep in as I print off my Christmas list and realise just how little I have done about it!

I'm sure that you are much better organised and that there is no possible chance of your overlooking the linen laundry during the Christmas period.

Happy Christmas and A Peaceful New Year

1. Please ensure that clean linen is returned to the Church by the following Sunday.
2. If you are unable to do the linen on your allotted dates and **return it by the following Sunday** please swap dates with one of the other ladies, contact me on 020 8590 0456 or simply do nothing.
